

## **Business Internship Class**

Leland High School is the only high school in the area with an Internship Program. Students should take advantage of this opportunity to stand out to prospective colleges by showing that you have devoted time and effort to learn about future options.

Student internships are designed to provide enhanced learning experiences for juniors and seniors in a career field of their choice. You will make valuable contacts in the “business world” for future jobs, learn new skills, and build your portfolio while still in high school.

The student will receive Applied Arts Elective credit for the hours they Intern. For every 17 hours they intern, they will receive one credit, with a maximum of 5 per semester. It is a pass/fail variable credit course and class meetings are once a week.
