

Choose Carefully the Correct Mathematics class for Next Year
(This is the Leland Math Dept. recommended sequence of courses)

Presently in this class

Choices for Next Year

Algebra 1

Geometry

Geometry
covered

Algebra 2 **Chapter 1-12 are**

Or Algebra 2/Trig Chapters
1-14 are covered- to be successful an A
or B in Algebra 1 and Geometry is
recommended)

Algebra 2

Algebra 2/Trig

Or SMAC (Senior Math Class)-
Elective credit not math credit

Algebra 2/Trig

Pre-Calculus

Pre-Calculus

(To be successful in any of these
Three AP classes an A or B in Pre-
Calculus

Is recommended) AP Calculus
AB – covers 8 chapters of Calculus

Or AP Calculus BC – Covers
15 chapters of Calculus – go talk to
Mrs. Sitkewich C-4 if you are
thinking about doing Calculus BC. To
do this, it is recommended that you
take a beginning Calculus course at a
Community College over the summer.

Or AP Statistics

AP Calculus AB

AP Calculus BC

AP Calculus BC

Or AP Statistics
AP Statistics

Or Math 73 3rd Calculus
Course – 1st Semester and Differential
Equations – 2nd Semester
(City College comes to Leland
to teach course)

Note: If you are planning to take a Mathematics class this summer, discuss this with your math teacher. Remember a 6-week math class in the summer does not cover all of the material and topics that a full year course does.
